

These courses focus on offering behind-the-wheel driver training. Includes eLearning courses from their Core Content (the 5 Keys), the Driving Series Bundle, and the Arrive Alive Series Bundle.

WBT-102	Compass Maneuvering - Small Vehicle	WBT-203-FRE	Arrive Alive - Avoiding Distractions (French)
WBT-102T	Compass Maneuvering - Truck	WBT-204	Arrive Alive - Avoiding a Rear End Collision
WBT-104	Right Foot Fuel Economy	WBT-204-FRE	Arrive Alive - Avoiding a Rear End Collision (French)
WBT-110	Driving the SKeys - Small Vehicle	WBT-205	Arrive Alive - Foul Weather Driving
WBT-110B	Driving the SKeys - Bus and Transit Vehicles	WBT-205-FRE	Arrive Alive - Foul Weather Driving (French)
WBT-110T	Driving the SKeys - Truck	WBT-206	Arrive Alive - Avoiding Backing Collisions
WBT-110U	Driving the SKeys - Utility Vehicle	WBT-206-FRE	Arrive Alive - Avoiding Backing Collisions (French)
WBT-111	Driving Drowsy	WBT-207	Arrive Alive - Drowsy Driving
WBT-112	Driving Technology	WBT-207-FRE	Arrive Alive - Drowsy Driving (French)
WBT-113	Driving Distracted	WBT-208	Arrive Alive - Avoiding Intersection Collisions
WBT-114	Driving Weather	WBT-208-FRE	Arrive Alive - Avoiding Intersection Collisions (French)
WBT-115	Driving Family	WBT-209	Arrive Alive - Saving Fuel
WBT-116	Driving Reverse	WBT-209-FRE	Arrive Alive - Saving Fuel (French)
WBT-117	Driving Space	WBT-210	Arrive Alive - Proper Positioning in Traffic
WBT-118	Driving Prepared	WBT-210-FRE	Arrive Alive - Proper Positioning in Traffic (French)
WBT-154	Following Distance - Resolving the Debate - Small Vehicle	WBT-211	Arrive Alive - Emotions and Driving
WBT-154T	Following Distance - Resolving the Debate - Truck	WBT-211-FRE	Arrive Alive - Emotions and Driving (French)
WBT-156	The Keys to Safe Lane Changing and Merging	WBT-212	Arrive Alive - Margin for Error
WBT-157	Intersections - Among the Most Dangerous Places on Earth	WBT-212-FRE	Arrive Alive - Margin for Error (French)
WBT-160SV	The 5Keys to Backing Safely - Small Vehicle	WBT-610SV	Core Content: The 5Keys to Forward Motion - Small Vehicle
WBT-160T	The 5Keys to Backing Safely - Truck	WBT-610T	Core Content: The 5Keys to Forward Motion - Truck
WBT-201	Arrive Alive - Building Effective Seeing Habits	WBT-620SV	Core Content: The 5Keys to Reversing - Small Vehicle
WBT-201-FRE	Arrive Alive - Building Effective Seeing Habits (French)	WBT-620T	Core Content: The 5Keys to Reversing - Truck
WBT-202	Arrive Alive - Proper Following Distance	WBT-630SV	Core Content: The 5Keys to Forward Motion and Reversing - Small Vehicle
WBT-202-FRE	Arrive Alive - Proper Following Distance (French)	WBT-630T	Core Content: The 5Keys to Forward Motion and Reversing - Truck
WBT-203	Arrive Alive - Avoiding Distractions		

SMITH SYSTEM

WBT-102	Compass Maneuvering - Small Vehicle	Backing collisions and fixed object, forward motion collisions are consistently at, or near the top of the list of fleet reportable incidents but they dont need to be. Working with thousands of drivers every year gives us rare insight into why collisions happen and how they can be prevented.
WBT-102T	Compass Maneuvering - Truck	Backing collisions and fixed object, forward motion collisions are consistently at, or near the top of the list of fleet reportable incidents but they dont need to be. Working with thousands of drivers every year gives us rare insight into why collisions happen and how they can be prevented.
WBT-104	Right Foot Fuel Economy	In just a few minutes, drivers will grasp the simple techniques that will help them immediately realize better fuel economy with the added benefit of safer vehicle operation.
WBT-110	Driving the 5Keys - Small Vehicle	Our Driving The 5Keys video provides drivers with a unique insight into common driving errors. Using a combination of footage taken from both ground-level and aerial perspectives, traffic patterns are analyzed utilizing our proven 5Key techniques. The presentation also addresses in vehicle collision prevention technology as a complement, not replacement, for every good drivers existing skills.
WBT-110B	Driving the 5Keys - Bus and Transit Vehicles	Our Driving The 5Keys Bus video provides drivers with a unique insight into common driving errors and proven safety techniques geared specifically for drivers of city transit, school, paratransit, and motor coaches. This video applies the time tested 5Keys to Space Cushion driving to bus and transit services that are challenged by vehicle dimensions, passenger needs, and hazards unique to bus stops.
WBT-110T	Driving the 5Keys - Truck	Our Driving The 5Keys video provides drivers with a unique insight into common driving errors. Using a combination of footage taken from both ground-level and aerial perspectives, traffic patterns are analyzed utilizing our proven 5Key techniques. The presentation also addresses in vehicle collision prevention technology as a compliment, not replacement, for every good drivers existing skills.
WBT-110U	Driving the 5Keys - Utility Vehicle	Our Driving The 5Keys video provides drivers with a unique insight into common driving errors. Using a combination of footage taken from both ground-level and aerial perspectives, traffic patterns are analyzed utilizing our proven 5Key techniques. The presentation also addresses in vehicle collision prevention technology as a compliment, not replacement, for every good drivers existing skills.
WBT-111	Driving Drowsy	Collisions from fatigued or drowsy driving are on the rise. Our new video, Driving Drowsy highlights some of the common misconceptions of drivers about fatigued driving and the dangers drivers face. This training video demonstrates how The Smith System 5 Keys can help you and your drivers remain alert and combat fatigue before trouble happens.
WBT-112	Driving Technology	This Driving Technology presentation teaches your drivers how to use their driving skills gained by using The 5 Keys of the Smith System in partnership with the latest in ADAS technology to prevent vehicle collisions.
WBT-113	Driving Distracted	Motor vehicle crashes resulting in injuries and deaths are on the rise at a rate officials havent seen in decades. Driver distractions is the reason behind this alarming trend with smart phones being the number one culprit. Our interactive presentation, Driving Distracted, educates drivers in the four types of distractions and how the brain processes information then, through an interactive demonstration, proves the concept of multitasking to be a myth.
WBT-114	Driving Weather	The Driving Weather course is designed to help fleet drivers adapt their driving habits to inclement weather and its effects on visibility and traction and to protect themselves from other drivers using The Smith5Keys, Smith Systems proven driving methodology.
WBT-115	Driving Family	Driving Family demonstrates how every driver can stay 100% engaged behind the wheel. After watching this video every person should walk away focused on driving safety in a way that they werent before and will drive different.
WBT-116	Driving Reverse	Some of the most common situations or crashes aren't on the open road; they are in parking lots, driveways and parking garages, striking fixed and moving objects -- while the vehicle is in reverse. This latest instructional video, and E-Learning course, Driving Reverse, Smith System shows drivers how they can avoid backing collisions and increase safety while parking and in other backing situations.
WBT-117	Driving Space	Driving Space illustrates the importance of why maintaining a proper space cushion is an essential element to collision avoidance. Learners recognize how proper following distance lowers stress behind the wheel without adding additional time to their daily drive.

WBT-118	Driving Prepared	When it comes to operating a vehicle safely, you can never be too prepared. Driving Prepared reminds drivers the importance of remaining ready for unexpected dangers which could arise behind the wheel. Topics include staying fit for duty, daily pre-trip inspections, proper route planning, nighttime driving, foul weather and other driving hazards.
WBT-154	Following Distance - Resolving the Debate - Small Vehicle	Following distance plays a major role in most multi vehicle traffic collisions. Despite the evidence, huge numbers of drivers, either through lack of training or personal choice, continue to maintain inadequate spacing.
WBT-154T	Following Distance - Resolving the Debate - Truck	Following distance plays a major role in most multi vehicle traffic collisions. Despite the evidence, huge numbers of drivers, either through lack of training or personal choice, continue to maintain inadequate spacing.
WBT-156	The Keys to Safe Lane Changing and Merging	The Keys to Safe Lane Changing and Merging offers dozens of real world tips and techniques that will have an instant and lasting impact on drivers of any type of vehicle. Sharing this production with your drivers may help you keep your costs and your headaches under control and may even save lives.
WBT-157	Intersections - Among the Most Dangerous Places on Earth	This presentation explores the many threats in and around intersections and uses The Smith 5 Keys to provide drivers with simple to learn and easy to use techniques to dramatically reduce these threats. The video concludes with an engaging animated reenactment of an intersection collision which the audience is asked to analyze based on the knowledge learned earlier. Intersections: Among the Most Dangerous Places on Earth is a must see for any fleet concerned about intersection related collisions.
WBT-160SV	The 5Keys to Backing Safely - Small Vehicle	This video program reveals a unique and very relevant string of problems, circumstances and vehicle design issues that are not present in forward-motion driving. These problems are almost always at the heart of preventable backing incidents.
WBT-160T	The 5Keys to Backing Safely - Truck	This video program reveals a unique and very relevant string of problems, circumstances and vehicle design issues that are not present in forward-motion driving. These problems are almost always at the heart of preventable backing incidents.
WBT-201	Arrive Alive - Building Effective Seeing Habits	To safely operate a motor vehicle, your eyes must constantly feed information to your brain and assess your driving environment and determine what is safe and what is a hazard. This course covers some of the ways to help your eyes and brain help you make safe decisions. Decisions such as controlling your speed and Aiming High in Steering, the first of the Smith System 5Keys.
WBT-201-FRE	Arrive Alive - Building Effective Seeing Habits (French)	To safely operate a motor vehicle, your eyes must constantly feed information to your brain and assess your driving environment and determine what is safe and what is a hazard. This course covers some of the ways to help your eyes and brain help you make safe decisions. Decisions such as controlling your speed and Aiming High in Steering, the first of the Smith System 5Keys.
WBT-202	Arrive Alive - Proper Following Distance	Some drivers don't give following distance any thought at all - they drive "where they're comfortable", whatever that means. This course covers which of The Smith System 5Keys and other safe driving techniques to use to help you decide on a safe following distance to drive safely and Arrive Alive.
WBT-202-FRE	Arrive Alive - Proper Following Distance (French)	Some drivers don't give following distance any thought at all - they drive "where they're comfortable", whatever that means. This course covers which of The Smith System 5Keys and other safe driving techniques to use to help you decide on a safe following distance to drive safely and Arrive Alive.
WBT-203	Arrive Alive - Avoiding Distractions	This course describes the different types of distractions a driver must understand, recognize, and avoid. Included are suggestions on how to eliminate distractions while you drive, with a focus on one of the most powerful distractions of all: using a cell phone.
WBT-203-FRE	Arrive Alive - Avoiding Distractions (French)	This course describes the different types of distractions a driver must understand, recognize, and avoid. Included are suggestions on how to eliminate distractions while you drive, with a focus on one of the most powerful distractions of all: using a cell phone.
WBT-204	Arrive Alive - Avoiding a Rear End Collision	Most rear-end collisions are avoidable and preventable. In this course, we will cover why tailgating is hazardous, how projecting your eyes down the road can prevent rear-end collisions, the benefits of keeping your vehicle rolling whenever possible, the importance of maintaining space around your vehicle, and the best way to separate yourself from a tailgater.

WBT-204-FRE	Arrive Alive - Avoiding a Rear End Collision (French)	Most rear-end collisions are avoidable and preventable. In this course, we will cover why tailgating is hazardous, how projecting your eyes down the road can prevent rear-end collisions, the benefits of keeping your vehicle rolling whenever possible, the importance of maintaining space around your vehicle, and the best way to separate yourself from a tailgater.
WBT-205	Arrive Alive - Foul Weather Driving	When the weather takes a turn for the worse, so do traffic incident statistics. This course offers tips to help you diminish the dangers of driving in foul weather, using the Smith System 5Keys. Instruction includes how to improve visibility, look out for other drivers, anticipate dangerous situations before they develop, and maintain traction on slippery surfaces.
WBT-205-FRE	Arrive Alive - Foul Weather Driving (French)	When the weather takes a turn for the worse, so do traffic incident statistics. This course offers tips to help you diminish the dangers of driving in foul weather, using the Smith System 5Keys. Instruction includes how to improve visibility, look out for other drivers, anticipate dangerous situations before they develop, and maintain traction on slippery surfaces.
WBT-206	Arrive Alive - Avoiding Backing Collisions	Backing incidents are the single most common type of traffic collision and are almost always preventable. In this course, we discuss ways to avoid backing, parking in areas that offer the least competition, and watching out for moving dangers such as pedestrians and cyclists.
WBT-206-FRE	Arrive Alive - Avoiding Backing Collisions (French)	Backing incidents are the single most common type of traffic collision and are almost always preventable. In this course, we discuss ways to avoid backing, parking in areas that offer the least competition, and watching out for moving dangers such as pedestrians and cyclists.
WBT-207	Arrive Alive - Drowsy Driving	Research shows drivers who remained awake for more than 18 hours demonstrated reaction times equivalent to those with a blood alcohol concentration of .05%. This course looks at the reasons behind sleepiness, the peak periods for wakefulness and sleepiness, common misconceptions of combating sleepiness, as well as what does work to counteract some of the effects of tiredness and minimize the changes of driving drowsy.
WBT-207-FRE	Arrive Alive - Drowsy Driving (French)	Research shows drivers who remained awake for more than 18 hours demonstrated reaction times equivalent to those with a blood alcohol concentration of .05%. This course looks at the reasons behind sleepiness, the peak periods for wakefulness and sleepiness, common misconceptions of combating sleepiness, as well as what does work to counteract some of the effects of tiredness and minimize the changes of driving drowsy.
WBT-208	Arrive Alive - Avoiding Intersection Collisions	The Federal Highway Administration reports 50% of all collisions and 20% of fatalities happen at intersections. This short course on safely navigating through intersections includes guidelines on managing your speed, timing the lights, using turn signals wisely, and most importantly, how to remain aware at all times when approaching, stopping at, or driving through an intersection.
WBT-208-FRE	Arrive Alive - Avoiding Intersection Collisions (French)	The Federal Highway Administration reports 50% of all collisions and 20% of fatalities happen at intersections. This short course on safely navigating through intersections includes guidelines on managing your speed, timing the lights, using turn signals wisely, and most importantly, how to remain aware at all times when approaching, stopping at, or driving through an intersection.
WBT-209	Arrive Alive - Saving Fuel	This course is for you if you want to save fuel while you drive, not instead of driving. It offers suggestions on how to stop wasting fuel by changing your style of driving and navigating through traffic. Fuel conserving techniques include how to spend less time idling at intersections, selecting a better route, controlling your speed, and maintaining your vehicle so your engine doesn't struggle.
WBT-209-FRE	Arrive Alive - Saving Fuel (French)	This course is for you if you want to save fuel while you drive, not instead of driving. It offers suggestions on how to stop wasting fuel by changing your style of driving and navigating through traffic. Fuel conserving techniques include how to spend less time idling at intersections, selecting a better route, controlling your speed, and maintaining your vehicle so your engine doesn't struggle.
WBT-210	Arrive Alive - Proper Positioning in Traffic	What lane you drive in or how far away you are from other vehicles is often your choice and important to your safety. Keeping a space cushion around your vehicle can protect you from rear-end collisions, or becoming caught in traffic, and even offer protection from aggressive drivers. This course offers valuable guidelines for the often-overlooked safety measure of selecting and maintaining your position on the road.
WBT-210-FRE	Arrive Alive - Proper Positioning in Traffic (French)	What lane you drive in or how far away you are from other vehicles is often your choice and important to your safety. Keeping a space cushion around your vehicle can protect you from rear-end collisions, or becoming caught in traffic, and even offer protection from aggressive drivers. This course offers valuable guidelines for the often-overlooked safety measure of selecting and maintaining your position on the road.
WBT-211	Arrive Alive - Emotions and Driving	Drivers often don't realize how important it is to focus on driving and leave emotions out of it. All emotions, whether positive or negative can have an effect on how you drive. This course suggests ways in which you can gain control over emotions that tend to block your ability to perceive, reason, and react well to the various traffic situations you encounter on the road.

WBT-211-FRE	Arrive Alive - Emotions and Driving (French)	Drivers often don't realize how important it is to focus on driving and leave emotions out of it. All emotions, whether positive or negative can have an effect on how you drive. This course suggests ways in which you can gain control over emotions that tend to block your ability to perceive, reason, and react well to the various traffic situations you encounter on the road.
WBT-212	Arrive Alive - Margin for Error	If something suddenly goes wrong on the road, will you have enough room to think and act? This course offers simple tips on how to leave enough space around your vehicle to give yourself a margin for error. By following the guidelines in this course, safe driving becomes second nature and your chances of being involved in a collision are significantly reduced.
WBT-212-FRE	Arrive Alive - Margin for Error (French)	If something suddenly goes wrong on the road, will you have enough room to think and act? This course offers simple tips on how to leave enough space around your vehicle to give yourself a margin for error. By following the guidelines in this course, safe driving becomes second nature and your chances of being involved in a collision are significantly reduced.
WBT-610SV	Core Content: The 5Keys to Forward Motion - Small Vehicle	This course explains all of the 5 Keys of the Smith System as they pertain to Small Vehicles traveling in Forward Motion.
WBT-610T	Core Content: The 5Keys to Forward Motion - Truck	This course explains all of the 5 Keys of the Smith System as they pertain to Large Vehicles traveling in Forward Motion.
WBT-620SV	Core Content: The 5Keys to Reversing - Small Vehicle	This course explains all of the 5 Keys of the Smith System as they pertain to Small Vehicles traveling in Reverse.
WBT-620T	Core Content: The 5Keys to Reversing - Truck	This course explains all of the 5 Keys of the Smith System as they pertain to Large Vehicles traveling in Reverse.
WBT-630SV	Core Content: The 5Keys to Forward Motion and Reversing - Small Vehicle	This course explains all of the 5 Keys of the Smith System as they pertain to Small Vehicles traveling in Forward Motion and Reversing.
WBT-630T	Core Content: The 5Keys to Forward Motion and Reversing - Truck	This course explains all of the 5 Keys of the Smith System as they pertain to Large Vehicles traveling in Forward Motion and Reversing.
